

Delta 43 inch wall

Delta 43 inch is an interactive play system with a 43 inch touchscreen. The modern, safe and durable housing allows children to explore and play freely. The large screen, the multiple touchpoints and the unique software ensures that up to four children can play together at the same time!

The Delta 43 inch comes with the Touchtable software. For the age group 6 to 13+ years, IKC studio has developed special software that meets their learning and development needs. They can play football against each other in teams, eat sushi at the bar or go fishing.

Our interactive play systems are:

- Easy-to-clean
- Extremely strong and durable
- Suitable for several children at the same time
- Energy-efficient

Required tools

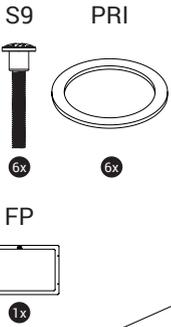

Screws

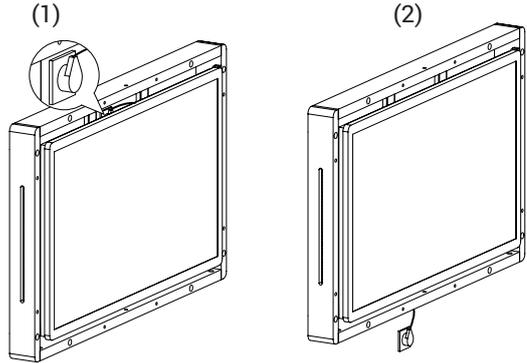

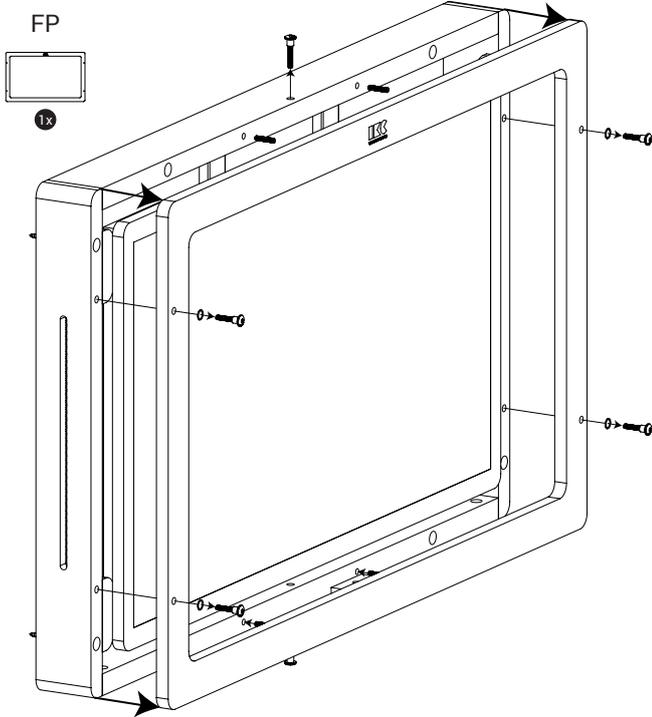

If the product is already assembled, skip to the next page

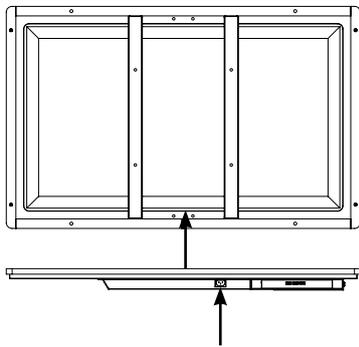

First, remove the front plate by unscrewing these four screws.

Two possible ways to mount the product to the wall.
(1) Power socket within frame. (2) Power socket outside frame.

For optimum play comfort, we recommend to mount the product 400mm from the ground
