

Shocking spiral IN00175

This interactive wall game introduces children to the effects of electrical conduction in a playful and safe way. This game also encourages eye and hand coordination in a playful way.

Challenge each other, or yourself, and improve the high score! This is the perfect family game for those who think they have nerves of steel and a steady hand, or want to teach children self-control, patience and agility.

The unique special effects of this wall game create fun tension not to hit the wire! If it is hit, lightning flashes through the air and the sound of thunder is heard.

Power supply

Lifetime LEDs 50 000u
Power output 5w / 5v / 1a

Measurements

Cabinet HxWxD 70 x 45 x 11 cm
Cabinet Weight 9 kg
